WHEREAS, the MUNICIPALITY (as hereinafter defined) finds it necessary to regulate the collection of Municipal Solid Waste (as hereinafter defined) generated within its boundaries in order to protect the public health, safety and welfare of its taxpayers and residents; and

WHEREAS, Act No. 180 of July 1972, 53 P.S. §§481 et seq., authorizes a municipality to enter into joint cooperation agreements with other municipalities in the exercise or in the performance of their respective governmental functions, powers, or responsibilities; and

WHEREAS, the Pennsylvania Solid Waste Management Act of 1980, as amended, 35 P.S. §§6018.101 et seq. (hereinafter referred to as the "Act"), authorizes a municipality to require by ordinance that all municipal wastes generated within its jurisdiction shall be disposed of at a designated facility; and

WHEREAS, pursuant to the provisions of the Act, the Delaware County Council has caused to be prepared the Delaware County Solid Waste Management Plan of 1985, which was reviewed by the Pennsylvania Department of Environmental Resources, revised, and is dated December 1986 (the "County Plan"), which recommends that for the foreseeable future the solid waste from this Municipality be disposed of by means of regional facilities authorized by the County, the Delaware County Solid Waste Authority, and/or the Authority's contractor (hereinafter collectively referred to as the "County"); and

WHEREAS, the County Plan, in February, 1987, received preliminary approval from the Pennsylvania Department of Environmental Resources, with final DER approval conditional upon the County obtaining such municipal adoptions of the County Plan as may be necessary for its implementation; and

WHEREAS, the County Plan concludes that a County-wide solid waste disposal system should include a resources recovery plant or plants located within the County, because it would be the most environmentally sound and cost-effective method of disposing of Municipal Solid Waste within the County; and

WHEREAS, in order to obtain the environmental, economic, and public benefits from the plant or plants as discussed in the County Plan, it is necessary that commitments be obtained from the local municipalities within the County as to the use of the plant or plants for the disposal of Municipal Solid Waste from such municipalities; and

WHEREAS, the Township of Haverford has full authority under the applicable laws to provide for the management of Municipal Solid Waste within its boundaries as hereinafter provided; and

WHEREAS, the form of this Ordinance has been approved by the County, and it has been, or will be, included in the County's Solid Waste Management Plan, which has been or will be filed with the Pennsylvania Department of Environmental Resources ("DER"); and

WHEREAS, the County agrees to assist in the implementation of the County Plan, but only after this Ordinance has been enacted by a sufficient number of municipalities in the County to make the construction of such plant or plants as proposed in the County Plan feasible; and

WHEREAS, under the Act, any municipality with a population density in excess of three hundred (300) persons per square mile, or has a solid waste disposal problem, must develop a solid waste management plan to be approved by DER but may, at its option and with the County's agreement, delegate this duty to the County; and

SECTION 9. REGULATIONS. The collection of Municipal Solid Waste in the Municipality and the disposal thereof shall be subject to such further reasonable rules and regulations as may from time to time be promulgated by the governing body of the Municipality, including but without limitation regulations as to the form of license application, the amount of fee to be charged for said licenses, and the terms of the licenses and license issuance procedures: PROVIDED, HOWEVER, that no such rules and regulations shall be contrary to the provisions of this Ordinance, the County Solid Waste Plan, or applicable law.

The Municipality at its option may terminate this Agreement with thirty (30) days' written notice to the County in the event that the Municipality will incur substantial costs over and above the costs generally accepted by the other municipalities in delivering Municipal Solid Waste to the County during the term of this Agreement,

provided the Municipality has first obtained final approval from the Department of Environmental Resources for its own Plan under the Act, or an approval from the Department for a modification that brings the Municipality under another Plan that has already obtained final approval. It is understood, however, that (upon any such termination of this Agreement by the Municipality) the County, the Authority, and/or the County's Contractor shall be relieved of any responsibility to accept and dispose of Municipal Solid Waste generated within the Municipality. In the event that any such suit, claim or action is brought against the Municipality, the Municipality shall authorize the County, through its designated legal counsel, to defend against the same, and the Municipality shall cooperate with the County in said defense and shall give the County Solicitor notice of any such suit, claim or action within five (5) days of the Municipality's receiving notice thereof.

- (e) The Municipality, accordingly, hereby accepts and adopts the Solid Waste Management Study prepared by the County as the ten (10) year Plan for Solid Waste Management required by the Act.

(f) The County is hereby authorized to submit the Plan to DER for the final approval on behalf of the Municipality.

SECTION 13. SEVERABILITY. If any part of this Ordinance is for any reason found to be illegal or invalid, such illegality or invalidation shall not affect any of the remaining parts of this Ordinance, which shall continue to be fully operative as if the illegal or invalid part had not been enacted.

SECTION 14. REPEALER. All provisions of any other Ordinance which are inconsistent with the provisions of this Ordinance are hereby repealed.

SECTION 14. EFFECTIVE DATE. This Ordinance shall become effective August , 1987. Notwithstanding the foregoing, this Municipality shall have neither the right nor the obligation to dispose of its Municipal Solid Waste at the Plant which is contemplated under this Ordinance until said Plant is constructed and fully operational.

In the event of conflicting regulations, the most restrictive regulation shall prevail.

I. General Regulations

- A. The following regulations shall be observed in all districts:
1. No sign, other than exempted signs, shall be erected without first obtaining a sign permit from the Zoning Officer.

  - b. If, after thirty (30) days the condition has not been corrected, and the notice has not been appealed, the Zoning Officer shall cause the dilapidated sign to be removed at the expense of the owner or lessee.
  - c.
